

# Daruma's Housemade -Pork Dumplings- JAPANESE GYOZA

It has a unique, full flavour as it is housemade while using Japanese method. We use top-grade chicken stock made from simmering a whole chicken which results in a very rich Umami-flavoured stock. It is simple but has noticeable deepness.

# Daruma's Housemade RAMEN NOODLE

## -OUR STORY-

Through repeated research and the careful choosing of ingredients, we have recreated the authentic Japanese taste of delicious ramen. In order to create a product as close as possible to the original, we have manufactured the four key ingredients right here in New Zealand.

### Revolutionised Noodles

In the pursuit of authentic Japanese noodles, we built our own specialised kitchen, selected the finest flour, secured the best noodle manufacturing machinery Japan has to offer, and now proudly offer "top quality" noodles.

### Traditional Tonkotsu Soup

This is the ultimate pork bone base soup which is pressure cooked over long periods of time in two-tonne pots, while still keeping with the old ways of preparation. Taste and consider the depth of its smooth yet thick savoury richness.

### Classic Pork Chashu

We use carefully selected pork-belly, marinated in our flavorful signature sauce over night for a few days and slow-roast it to make it as tender and succulent as possible. We've created Chashu that perfectly compliments the soup and noodles.

### The Sought After Stock

This is the stock base that brings all the components to life. Only the best quality ingredients have been selected to undergo development in collaboration with our partners in Japan. The perfect stock that encompasses all flavours.
